## PROPOSAL OVERVIEW

The Jeffersonville Public Arts Commission (JPAC) is seeking proposals from artist(s) and/or artist teams for design, execution and installation of Two (2) original outdoor sculptures, to be displayed in sequence with one another alongside a walking path near the City of Jeffersonville's newest public outdoor space - Falls Landing. Falls Landing is located adjacent to Jeffersonville's NoCo Arts & Cultural District, at 708 Ohio Avenue Jeffersonville IN 47130 (See page 5 for location details)

**After reading through the whole Proposal thru the end- you may find the application link [here](#) or at the end of this information.**

## DESIGN CONCEPT: "River's Legacy"

This thematic sculpture series will seek to immerse visitors in the region's story, highlighting the symbiotic relationship between the Ohio River, the Falls of the Ohio, and the vibrant community of Jeffersonville. It will serve as a lasting tribute to the region's heritage and invite individuals to explore their shared past, present, and future along the river's edge. The design should aim to resonate with both residents and visitors alike, educating and inspiring through its artistic representation of the City of Jeffersonville's relationship with the river and the falls - showcasing the abundant history, culture, geography, and ecology that has flourished in this region throughout time.

**\*\*\*The design must match the feel of the current 6 sculptures and the 3 murals in the area. Please see attached photos of the area that the two sculptures will be going in. (page 5)**

## PROPOSAL OBJECTIVES:

Continue enhancing Jeffersonville's newest park scape through innovative design concepts with a showcase of unique sculptures by artists, to stimulate interest in Jeffersonville's public art efforts and add cultural value to the area. Serve as an economic development tool by attracting visitors, residents, and businesses to the area.
